12972 Highway 27, Nobleton, Ontario. L0G 1N0.

CATALOGUE

ABOUT US

Established in 1973, *Fincham's Harness Shop Ltd* has been operating for over 40 years as a full service saddlery and tack store catering to the needs of the equestrian market.

Our products are designed, manufactured and meticulously finished using only the finest quality leather and hardware. Our commitment to manufacturing goods of excellent quality has resulted in the continued success of our business.

Products are hand crafted by a team of qualified staff in our workshop located in Nobleton, Ontario. Each hide of leather is individually examined and selected for thickness, grain, finish and suitability for the item being made. Pieces are hand cut, edges hand dyed and rubbed, and all stitches are channeled. Manufactured leather products are conditioned prior to leaving the store.

To ensure top quality, we choose to use only solid brass or stainless steel hardware. We do not use any plated hardware. In addition to the selection of our manufactured goods listed, we carry a complete line of horse supplies at our retail store.

The retail store carries tack, grooming supplies, horse clothing, gifts, etc and offers a professional repair and custom order service, including custom made chaps. Nameplate engraving is done on site.

As we manufacture tack, please feel free to contact us for a quote on any custom or hard to find order.

FINCHAM'S HARNESS SHOP LTD.

PRICE LIST (NOVEMBER 2014)

All prices in Canadian Dollars. Prices subject to change without notice.

HALTERS

All halters are made with top quality leather, hand dyed and rubbed edges, solid brass hardware, channeled stitches, double buckles, lined nose and crown with either flat or round throat latches. Halters are oiled to a rich brown finish. Black is available on request.

FTL = Flat Throat Latch

RTL = Round Throat Latch

With snap on throat add \$5

*We offer a wide range of halters. If you need a particular size halter but are unsure as to which style to choose, consider selecting the halter in **bold**, which indicates the standard style.*
